

## LIGHT METER

## TECHNICAL DATA

### FEATURES

- Digital dual filter light meter designed to measure a wide range of lighting types
- Large, 3-digit, 0.5" high, LCD display provides clear readouts even in high ambient light levels
- Data hold function
- Zero adjustment screw
- Over range and low battery indication
- Battery included

### SPECIFICATIONS

**Measuring Range:** 0 to 20,000 lux

**Resolution:** 1, 10 lux

**Accuracy:**  $\pm 5\%$  of reading

**Sampling Time:** 2 times/second

**Power Supply:** Single 9V battery (included)

**Dimensions:** 200 x 68 x 30mm

**Weight:** 280g

### ORDERING INFORMATION

YK-10LX ..... Light Meter  
CA-52A ..... Soft Carrying Case  
CERTILM1 ..... NIST Calibration Certificate  
YK-10LX-NIST ..... Light Meter & NIST
